EXPERIENCE

Home Accent

January 2022 - September 2026

Draftsman / Assistant Project Manager – Construction

- Performed quantity takeoffs and construction estimates from project plans and scopes, producing accurate material quantities that supported project costing.
- Measured plans digitally in PlanSwift to quantify materials, giving estimating projects reliable quantity data.
- Prepared plans, specifications and forms for building permit requirements, ensuring project documentation was complete and ready for permit submission.
- Prepared detailed 2D construction drawings in AutoCAD, checking dimensions and layouts so plans were accurate for project implementation.
- Built 3D models in SketchUp to visualize layouts, helping clarify designs during review and planning.
- Documented as-built conditions, keeping drawings aligned with actual site work.
- Reviewed architectural and structural plans and project requirements, identifying the materials, quantities and documentation each project needed.
- Sourced construction materials and suppliers by comparing requirements, availability and pricing, supporting timely and cost-conscious procurement.
- Supported onsite supervision, helping verify that works followed project plans and requirements.
- Organized project documents and construction requirements, keeping project information accurate, complete and readily accessible for coordination.

Rey-Tech Construction & Development Corporation

September 2024 - December 2024

Project Team Intern

- Revised structural plans in AutoCAD under the Project Manager's guidance to keep drawings accurate and updated with project requirements.
- Maintained material and equipment inventory records to provide accurate and up-to-date resource information.
- Recorded fuel and gas expenses using spreadsheets to support accurate cost tracking and reporting.
- Assisted with site inspections and project coordination to help verify that onsite works aligned with project documentation.

EDUCATION

Batangas State University - The National Engineering University

Alangilan, Batangas City

Bachelor of Science in Civil Engineering

February 2026

CERTIFICATION

Construction Occupational Safety & Health

ZBM Safety Training Center

Safety Officer II (SO2)

July 2024

SKILLS

Takeoff & Estimating: PlanSwift, Quantity Takeoff, Construction Estimating, Material Quantification

Drafting & Plans: AutoCAD, Architectural & Structural Plan Reading, 2D Drafting, As-Built Documentation

Data & Documentation: Microsoft Excel, Google Sheets, Data Entry, Data Management, Document Control, Construction Documentation

Project Support: Procurement, Supplier Sourcing, Inventory Management, Project Coordination, Progress Monitoring
