PROFESSIONAL SUMMARY

Civil Engineer with hands-on experience in construction documentation, data entry, inventory, expense tracking, procurement, and project coordination. Detail-oriented and skilled in organizing records, managing spreadsheets, and handling project paperwork. Seeking opportunities in construction administration, document control, and project support.

WORK EXPERIENCE

Home Accent

January 2022 - September 2026

Assistant Project Manager – Construction

- Managed drafting, quantity estimation, and project documentation for residential construction projects under the guidance of the Project Manager, ensuring accurate plans, material quantities, and project information were prepared for implementation.
- Coordinated building permit requirements and supporting documents, as well as material procurement and supplier sourcing, keeping project requirements organized and facilitating timely submission and purchasing activities.
- Sourced and evaluated construction material suppliers based on project requirements, availability, and pricing, supporting efficient procurement and helping ensure the required materials were secured for ongoing projects.

Rey-Tech Construction & Development Corporation

September 2024 - December 2024

Project Team Intern

- Maintained accurate inventories of company materials and equipment by regularly updating records and monitoring available resources, ensuring organized and up-to-date inventory information for project and operational needs.
- Recorded and updated fuel and gas expenses for various company service vehicles using spreadsheets, ensuring accurate tracking of vehicle-related expenses and supporting proper cost monitoring.
- Assisted the Project Manager with structural plan revisions in AutoCAD and occasional site inspections, helping ensure that project documentation and on-site works were properly coordinated and aligned with project requirements.

EDUCATION

Batangas State University - The National Engineering University

Alangilan, Batangas City

Bachelor of Science in Civil Engineering

February 2026

CERTIFICATION

Safety Officer II (SO2)

ZBM Safety Training Center

Construction Occupational Safety & Health

July 2024
